BIG CUT GLASS WORKS SECURED

Towanda Capitalists Take Over Honesdale Establishment

WILL OCCUPY TRACY BUILDING

Wayne Cut Glass Company, Incorporated, Will Commence Business Here as Soon as Machinery Can Be Moved and Installed—Work Has Been Started.

Towanda has secured a new industry which will give employment to between 70 and 80 people at good wages.

A deal was consummated Wednesday whereby a number of Towanda capitalists take over the plant and good will of the Wayne Cut Glass Company, incorporated, an establishment which has been doing business at Honesdale for the past seven years. J. S. Brown, president of the company, accompanied by Fred F. Lee, superintendent of the plant, arrived in Towanda on the Black Diamond Wednesday and half an hour later Mr. Brown and the Towanda capitalists had come to terms, papers were executed and Mr. Lee given instructions to get ready for business in the new location.

Tracy Building Leased.

The Tracy shoe factory building which was recently vacated by the Seneca Silk company which is now located in its magnificient new home on Plank Road street, has been leased for a term of years with an option to buy. Mr. Lee has commenced work and is preparing the building for the installation of the machinery which will be moved from Honesdale at once. It is expected to have the plant in operation within 30 days.

The Company.

The Wayne Cut Glass Company is composed of responsible and experienced glass men. The officers are: J. S. Brown, president; Hon. John Kuhbach vice-president, John Weaver, Sr., treasurer, J. A. Kimble is manager, John H. Weaver, Jr., is office manager, Ambrose Keleher is foreman of the roughing department, and Fred F. Lee is the superintendent. These gentlemen all live in Honesdale at present, but under the agreement entered into with the Towanda capitalists they will come to the county seat of Bradford and give their best efforts toward making the plant as big a success here as it has been in Honesdale. There will be no change in the board of officers or the management for the time being, although it is expected that the Towandians who have invested their money in the enterprise will in time, when they become more familiar with the business, be known in the directorate and active management.

Hon. G. W. Kipp Brought Plant Here.

To Hon. George W. Kipp belongs the lion's share of the credit for bringing this splendid industry to Towanda. Mr. Kipp lived in Wayne county for a number of years, was a county commissioner, and knew nearly every man in the county.

One of his intimate friends was a German, John Kuhbach, a former member of the State legislature. This same Mr. Kuhbach took an active interest in the politics of this congressional district and a few years ago was the Democratic candidate for congress being defeated by Hon M. E. Lilley of Towanda. The friendship of Mr. Kipp and Mr. Kuhbach never grew cold, and some weeks ago while Mr. Kipp was in Honesdale, Mr. Kuhbach made some remark about getting out of the glass business. As they talked, Mr. Kipp became enthusiastic over the glass industry and informed Mr. Kuhbach that if the Wayne Cut Glass Company wanted to dispose of their plant and transfer their business and good will, he thought he could interest enough people in Towanda to make a deal.

Mr. Kipp returned to Towanda, took the matter up with U. M. Fell, M. M. Spalding, and other members of the Business Men's Association, and an offer was made to the Honesdale parties. They took it under consideration, the officers of the company came to Towanda and talked the matter over, in fact they were here three or four times and finally reached a verbal agreement, which is now in writing and the deal closed.

The full terms of the agreement cannot be made public, but it has been given out that the amount of money involved in the transaction is very large. Owing to the fact that the Towanda parties have no knowledge of the glass business, it is in the agreement that the officers of the Wayne Cut Glass company, their superintendent, foremen, and managers shall give their attention to the business for a certain length of time and thus make it a safe proposition for the Towanda capitalists. In keeping with this agreement, Superintendent Lee will commence work today, and other experienced men in the glass business will join hands with the Towanda capitalists and endeavor to make the plant one of the largest glass cutting establishments in Pennsylvania.

The Wayne Cut Glass company has an established business, and a very large trade, with many orders on the books. All is taken over in the deal just closed and about the only thing left of the old business is the name of the company.

Moving Honesdale Plant.

The company owns a fine large building at Honesdale, which is fully equipped with glass cutting and finishing machinery. All this machinery will be moved to Towanda at once, and the building offered for sale. The work of shipping the machinery from Honesdale to Towanda is now under way.

Entire Tracy Building Will Be Used.

The entire floor space of the large factory building will be used, and then it is not expected to have room enough.

Big Payroll.

Last year the Wayne Cut Glass Company paid out in wages alone in Honesdale the tidy sum of $27,000. It is expected to increase this in Towanda by a third at least, the first year. From 70 to 80 people will be employed at wages that range as high as $22 per week. It is expected to give employement to a number of young men who desire to learn the trade of glass cutting, and for this good wages will be paid. When they become skilled they make excellent wages.

Will Manufacture Cut Glass.

The work done in this factory is the transforming of blocks of glass into dishes, vases, ornaments, etc. It is generally known that cut glass is very expensive, a small piece retailing for as high as $2. The work of cutting, polishing and finishing is done by hand and machinery. There is a great demand for this line of goods, and there are no slack times.

Will Sell at Retail.

Cut glass will be sold to townspeople at this factory at wholesale prices. This is customary in towns where cut glass factories are in operation. Souvenirs are manufactured, and it is hoped to get the factory running in time to turn out a line of goods for Towanda's old home days.

A Good Thing For Towanda.

The securing of this industry is one of the best things that could be done for Towanda at this time. It is an industry of large proportions, and as it carries a big payroll, it means a great deal to the county seat. Within six weeks after the plant starts operations it will be one of the town's biggest and best industries, giving employment at excellent wages to a large number of people.

May Erect Building.

In time the promoters of the new enterprise expect to erect a big factory building and double the capacity of the plant. They will either do this or buy the Tracy building and erect an addition on the vacant lot North of the building.

Freakish Chick.

Says the Troy Gazette-Register: "A freak chicken which lived a short time after being released from the shell, exhibited at this office Monday by Byron Everts of Berrytown, had three bills and three eyes, all well defined. The extra eye situated between the other two, was two or three times the usual size and so long as life lasted, very bright. Beneath this "headlight," as it were, was the usual bill with an extra bill on either side."

Improving the Roads.

Granville township is adding to its good name by making the best dirt roads in the Western part of the county, simply by providing good drainage and getting busy at the right time with road machines and split log drags. The Granville people appear to understand as some others do not that they, themselves would be the sufferers if they did not have good roads. Their appreciation of this fact is an evidence of their good, hard, common sense.

Good Dairy Record.

James Cowl of Troy township, whose butter checks from an average of 11 cows totaled more than $305 for January and February, for the month of March from the same herd increased to 13, delivered to the creamery milk to the value of $205.12 at the going prices, equivalent to 651 pounds of butter. His check was for that amount. The ration was practically the same as for the preceding two months: Silage, daisy hay and equal parts by measure of Buffalo gluten and Husted molasses feed, about nine pounds daily of the mixture to each cow. The Troy Gazette-Register challenges any dairy in the state to equal this record.

Register's Office News.

Will of Bernard Hearn, deceased, late of the township of Towanda, admitted to probate. Will of Sarah B. Streeter, deceased, late of the borough of Towanda, admitted to probate and letters testamentary granted to William E. Lane. Letters of administration upon the estate of Matilda D. Goff, deceased, late of the borough of Canton, granted to Mary E. Reynolds. Letters of administration upon the estate of Stephen Sullivan, deceased, late of the borough of Towanda, granted to Mary A. Sullivan.

Mr. Kipp and the Treasuryship.

A Harrisburg dispatch to the Philadelphia North American says: "A lot of persons, by the way, have felt ever since Stober's death that Kipp is entitled to the office, because Stober died before the board to compute the vote met last January. It is argued by them that Stober couldn't be elected until that board found that he was elected; that that board couldn't declare a dead man the state treasurer-elect, and that Kipp, being next highest, should have the place.

"AFFINITY CASE" HAD UNUSUAL ENDING

Jury Could Not Agree After Many Hours Deliberation.

The jury in the case of the Commonwealth vs. Mrs. Callie Emery, charged with adultery, failed to agree after many hours deliberation, and the case thus came to an unusual ending. Judge Fanning will not allow the case to be tried in the Bradford county courts again.

This case is what is known as the "double barreled affinity" affair from Sayre. It is the same old story of illicit love in which two families were involved.

The prosecutrix was Mrs. Mary Brown, divorced wife of Joseph Brown formerly of Towanda, while the defendant was Mrs. Callie Emery. The trial started Wednesday morning and many witnesses were examined, who testified for and against the defendant.

The case was submitted to the jury by the Court Wednesday afternoon at 4 o'clock, and the jury after deliberating over the question of the guilt or innocence of the defendant all night reported Thursday morning that they could not agree. The Court urged the 12 men to compromise their differences and if possible reach an agreement as the case ought not to be submitted to another jury, and directed them to again retire which they did remaining out until about 3 o'clock Thursday afternoon when they again reported that they were unable to agree. The Court stated that he regretted that a verdict had not been reached but if this jury could not agree the case would not be tried again, and discharged the 12 men.

This case was a legal battle from start to finish and one of the hardest contested cases tried in Criminal court for some time. District Attorney Mitchell was assisted by former district attorney Charles E. Mills, while the defendant was represented by Attorneys S. H. Smith and David E. Kaufman.

Litchfield Woman Seriously Ill.

Mrs. Gordon Rockwell of Litchfield is critically ill of blood poisoning and under the care of Dr. C. L. Stevens of Athens. Mrs. Rockwell noticed a small kernal on her cheek several days ago and a few hours later her face began to swell. The trouble was at first thought to be erysipelas but as it grew worse a physician was called and diagnosed the case as blood poisoning. Two operations have been performed, but without effecting a cure and grave fears are entertained by her family and friends. It is not known how she could have contracted the poison as she had not to her knowledge broken the skin by a fall or cut, the only explanation semeing to be that she was bitten by some insect that carried the germs into her blood.

Cow Nursed Lambs.

G. W. Bustin of South Ghent, had the misfortune to have one of his fine cows get its leg broken the other day by having another cow hook her and throw her down. Mr. Bustin has quite a freak in two young lambs. The mother of these lambs got fast in a mud hole and died, leaving the lambs motherless. Mr. Bustin immediately took pity on them and began to provide a way for feeding them. He built a box for them to stand on so that they could reach, and now they nurse a cow just as contented as if it was their own mother. The lambs have gained 17 pounds in 7 days.

Guy P. Haflett of Elmira Heights, who recently resigned as secretary and manager of the Elmira Table Company, has gone to Canton, where he has become identified with the Haflett-McNulty Table Company, a new $50,000 corporation. The firm has leased the big factory formerly occupied by the Canton Couch Company. Large additions will be erected in the near future, giving the plant 50,000 square feet of floor space.

Automobile Accident.

M. S. Huslander of West Burlington, was knocked down and painfully injured by an automobile, while returning from church on Sunday. The car was driven by George Beardsley of Troy, and in some manner he lost control and struck Mr. Huslander who was standing near by. Both wheels ran over his leg and painfully bruised him. Dr. Campbell of Smithfield attended the injured man.

"Comet Parties" All the Rage.

"Comet parties" are all the rage in Towanda at present. A dozen or more young people agree to arise at the wee small hour of 3 a. m., and congregate at a point of vantage and skan the skies for a glimpse of Halley's wanderer. The one who fails to reach the meeting point promptly at 3 o'clock invites the rest of the party home for a breakfast at 6 o'clock, menu to consist of pancakes, sausage and coffee.

Attended Funeral.

Mr. and Mrs. P. M. Pitcher and daughters, Mabelle and Hazel of Buffalo, Frank and James Low, Mrs. Richard Preston, Mrs. A. D. Colt of Williamsport, Mrs. P. S. Bush, Mrs. Anna Sweetland of Apalachin, N. Y., Mrs. Wm. Goodwin, Miss Agnes Maxwell of Utica, Mrs. Fanny McGill of Towanda and Milton Huyck of Monroeton, attended the funeral of Mrs. Ellen Pitcher in Sayre Monday afternoon.

KING EDWARD DEAD.

British Monarch Passes Away After Brief Illness—George V King.

King Edward VII, died at 11:45 o'clock Friday night, May 6. Coming so suddenly, the death of the King brought the greatest sorrow to the nation, in whose hearts Edward, first as Prince of Wales and afterwards as Sovereign, held first place. His short reign of eight years has been a history of stirring times. It opened with the conclusion of peace after a long and trying campaign in South Africa, and concluded at the critical moment of one of the most momentous political struggles of omdern times—that between the Peers and Commons. In a day the political outlook of Great Britian has been revolutionized.

George Frederick Ernest Albert, Prince of Wales, who now becomes King, is the second son of King Edward and Queen Alexandria, and was born at Marlborough House June 3, 1865.

SAYRE FEARS THE REPORT OF THE CENSUS MAN.

Not Afraid of the Dark, But the Light of the Figures.

Sayre is afraid of the census man, according to the Times-Record. Some time ago shop towners imagined that there were at least 8,000 people within the borough limits, but now they estimate the number at not over 6,500 and fear that the enumerators have been unable to find even that many.

The Times-Record trembles when it whispers that in order for Sayre to have 8,000, each of the four wards would have to have 2,000, but instead of this there are only about 1,500 to a ward, more or less. The census enumerators dare not tell, and in the meantime Sayre waits with bated breath.

The Lehigh, the life of the shop town, is blamed for the failing off, according to Editor Cotton in the Times-Record. He says that when the Lehigh was "legally excused" from paying taxes on the shops, an implied promise was made that the shop train would be discontinued between Towanda and Sayre, and the shop town's population would take a jump. The shop train continues to run, and Sayre's population has been decreasing steadily.

It is generally understood that there is a hankering on the part of most people to call Towanda, home sweet, home, and it is to be regretted that "shop trains" cannot, or are not run to every point of the compass for the accommodation of those who desire to live in the City of Promise.

Figuring on the basis, and along the line of reckoning pursued by Editor Cotton, the census is liable to give Towanda a population of about ten thousand, although 5,000 is the popular estimate at present.

Disciples of Weston.

Apropos of pedestrianism and the editorial in The Daily Review about Mr. Weston and the modern devices to save one from walking, it would seem fitting to refer to a pedestrian trip made by two Towanda young men. Last Summer Hale Codding and William H. Little walked from Berwick to Harrisburg, sleeping at night in the open, with a single blanket over each. They spent two nights on the battlefield at Gettysburg in the same way. Enroute they visited the towns and all places of interest therein from the State's capitol to the coal mines.

Ashley's New Burgess.

That the Luzerne county court is aware of popular feleing in Ashley and is inclined to act in accordance was revealed again on Saturday, when John W. Fenner was appointed burgess of Ashley, replacing his brother, J. K. P. Fenner. A recent decision of the Supreme Court removed Burgess Fenner from office, he having held that office for an illegal period. The order of the court on Saturday formally removed him and appointed his brother. The wishes of the majority of the people as shown by the election of Burgess Fenner a number of times, was respected in the appointment.

Must Like Bradford County Stock.

Says the Troy Gazette-Register: "The gentleman who a few months ago shipped a car of Jersey milch cows from this section to Illinois, is here for another car. Apparently the Illinois market appreciates the Bradford county types of Jerseys."

Orchard Inspector at Sheshequin.

D. A. Knuppenberg, the State orchard inspector, will visit the Reynders farm in Sheshequin township on May 10. He will show how to make spray and use for coddling moth and prevent wormy fruit. All interested are invited to be present at the demonstration which begins at 1:30 p. m.

Mrs. Parsons Delivered an Address.

Says Friday's Sayre Times-Record: Mrs. Ashman Parsons of Towanda delivered an address at a meeting of the missionary society of the Presbyterian church this afternoon. She is district president of the society and while here she was entertained by Mrs. G. D. Bonfoey.

NON-SUIT IN THE AGKLEY CASE

Gambling on Human Life Not Allowed by Law.

Judge Fanning Tuesday morning granted a non-suit in the case of Sarah E. Ackley vs. the Prudential Insurance company, a litigation which involved an important question.

The case was called for trial on Monday, and at the close of the taking of evidence for the plaintiff, John C. Ingham, Esq., representing the defendant Insurance company asked for a compulsory non-suit. At the convening of court Tuesday morning, Judge Fanning ruled upon Mr. Ingham's motion, granting the non-suit.

Important Question Involved.

In this case a very important question was involved, one of great interest to the general public.

The facts are briefly that on May 4, 1903, Thomas O'Brien took out an Insurance policy in the Prudential Insurance Company of America, paid three assessments and then decided to drop the insurance. It was suggested to the plaintiff by the local agent that it would be a good investment for her to take an assignment of the policy on the life of O'Brien and pay the assessments. This she did, making payments from time to time until O'Brien's death. It appears that this practice to prevent policies lapsing was carried on to quite an extent.

The policy not having been paid, suit was brought to recover the amount of insurance.

In granting a compulsory non-suit the court stated in substance that the evidence discloses that the plaintiff was in no way related to O'Brien, that he was not indebted to her in any way, and that she took the policy merely as a speculation. The law holds that one not interested pecuniarily, or by blood or affinity in the continuance of the life of the insured is not entitled to any benefits from the policy. In the case at bar, plaintiff had no interest in the continuance of the life of O'Brien; the sooner he died, the less she would have to pay and the greater the profits of the speculation. Such contracts are against public policy, which forbids gambling on the duration of human life. Every species of gambling contracts of insurance are held to be invalid. The highest court of Pennsylvania has said, "so fraught with dishonesty and disorder, and so dangerous even to human life has this life insurance gambling become, that its toleration in a court of justice ought not for one moment to be thought of."

The plaintiff had no insurable interest in the life of Mr. O'Brien and without this, an assignment to her of the policy on his life was contrary to public policy and invalid.

Hoyt & Schrier of Athens, were the attorneys for Mrs. Ackley, the plaintiff.

Woodruff Case on Trial.

The case of Mrs. Lucy B. Woodruff vs. the Lehigh Valley Railroad company is now on trial in Common Pleas court. This is a suit for damages claimed by Mrs. Woodruff for the death of her husband, John Woodruff, at Laceyville some time ago. Mr. Woodruff was instantly killed on a crossing at Laceyville, and the case was heard before arbitrators who made an award of $3,000 in favor of the plaintiff. The Lehigh carried the case to court.

Paul J. Sherwood of Wilkes-Barre, and Charles M. Culver of Towanda, are attorneys for Mrs. Woodruff, while William Maxwell is representing the Lehigh.

Interested in Lucky Loaf Flour.

Attention is called to the advertisements which are appearing in The Review on Lucky Loaf Flour. The advertisements are creating a widespread interest in Lucky Loaf Flour, and a great many people are entering into this name contest, and will undoubtedly win prizes. It will be of interest to Review readers to know that Charles T. Fox a former Towandian is one of the members of the firm of Charles P. Matthews and Sons, Inc. Mr. Fox heads the Philadelphia Branch of the concern, and is one of the most influential flour men in the Quaker City.

Killed By the Cars.

A man supposed to be Frank Kapszek of Lancaster, fell under the wheels of a Lehigh freight train in the Sayre yards Sunday afternoon and his right leg and left arm were amputated. He was taken to the Robert Packer hospital where he died shortly after entering that institution. Identification was made possible by a Prudential insurance policy and a receipt book, which were found in his clothes. Coroner Johnson was notified but an inquest was not necessary.

Mentally Deranged.

Says the Elmira Advertiser: "Llewellyn Sherman, aged about 35 years, is confined in a padded cell in the county jail, awaiting transfer to an asylum in Danville, Pa., where he was previous to Nov. 12, 1903. Mr. Sherman was taken into custody by Patrolman Flahive and Curtin, Saturday afternoon. His actions were such that it became necessary to place him in a padded cell. He came here from Watkins on Thursday, having been employed on a farm about four miles north of that place. When Mr. Sherman was released from the institution at Dansville, Albert Newhall an uncle of Troy, Pa., was appointed guardian. He is in Elmira making arrangements for Mr. Sherman's transfer to Dansville."

NON SUIT IN MAYNARD CASE

Court Directs Verdict For Plaintiff in Brown Case.

A RECORD BREAKING WEEK.

Two Terms of Criminal Court Disposed of in Three Days and Two Civil Cases Heard—Maynard Case Attracted Much Attention.

Judge Fanning Friday directed the jury in the case of John H. Brown vs. the Title Guaranty and Surety company of Scranton to return a verdict for the plaintiff, and later in the day granted a compulsory non suit in the case of Paul E. Maynard, Esq., of Athens vs. the W. S. & A. Traction company.

Thus two civil cases have been disposed of during criminal court week. This has been possible owing to the fact that the criminal calendar was cleared in three days of the cases of two terms, something unusual in the history of Bradford county.

The Brown Case.

The Brown case which was decided in favor of the plaintiff, grew out of the building of the P., B. & E. roadbed. The P., B. & E. crossed Mr. Brown's land at Cedar Ledge and gave a bond for damages, this bond being furnished by the Title Guaranty Surety company. Later Mr. Brown and the P., B. & E. reached an agreement, and a deed in fee simple was issued to the railroad company for the land occupied as a right of way. The Guaranty company claimed this act released the bond, and that they were not liable for the difference amounting to about $2,200.

The case was called for trial Wednesday afternoon and Friday when the plaintiff rested, and the defense offered no evidence, the Court directed the jury to return a verdict in favor of the plaintiff, Mr. Brown, which was done.

The attorneys for the plaintiff were Sechrist & Hickok of Canton, and Lilley & Wilson of Towanda, while Stone & Brooks of Canton, William Maxwell and Benj. Kuykendall, Jr., of Towanda, and W. A. Skinner of Susquehanna, represented the Surety company.

The Maynard Case.

Another court record was broken in the Maynard case in which a compulsory non suit was granted Friday. This case was instituted on March 28, and now six weeks later it has been disposed of, setting a new mark for rapid litigation in this county.

The W. S. & A. traction company adopted a new system of collecting fares on the street cars operated on its lines. Each passenger is supposed to put his fare in a little cash registering device which the conductor holds in his hands. There was some opposition to this, a number of passengers refusing to "play a nickle in

Go Into the
ATLAS
E-Z Seal Jar Whole

—a fact which gives it great advantage over old-style, small-mouth jars.

Stop cutting up large fruits for canning. Go to your dealer and ask for Atlas E-Z Seal Jars. After that you can fill your shelves with jars holding full-sized fruits—natural looking as well as good tasting.

Atlas E-Z Seal Jars are very strong; smooth at top and sure sealers.

WORK OF THE GRIM REAPER

Mrs. Henry Allen Brown.

Mrs. Rosalie Ammerman, wife of Henry Allen Brown died at her home in Moravia, near Wyalusing, Tuesday, May 3, 1910, after a few days' illness, with pneumonia. Mrs. Brown who was in her 66th year, was a daughter of the late James and Ellen Ammerman, whose home was in Wyalusing township, where she had passed her life, her marriage taking place, August 22, 1863. Mrs. Brown was a very excellent woman, a faithful wife, a devoted mother and a kind and obliging neighbor, she being continually occupied in the quiet sphere of the busy domestic life she uncomplainingly led. A crushing grief came into her life, when nearly a year ago her youngest son, Robert was killed on the railroad at Wyalusing, it being a loss, from the sorrowing effects of which she never fully recovered. Mrs. Brown is survived by her aged, stricken companion, and the following children: Mrs. T. P. Campbell and Miss Daisy Brown of New York City, and four sons, Homet of Portland, Oregon, Mervin, Walter and Hartly of Wyalusing. The funeral was held at the homestead, Friday at 10 a. m. at the homestead, Friday at 10 a. m. Interment was made in the Wyalusing cemetery.

Funeral of William Nagle.

Funeral services for the late William Nagle were held in the Church of SS. Peter and Paul of which deceased was a member yesterday morning at 9 o'clock. There was a very large attendance. The Franklin Steam Fire Engine company of which deceased was a prominent member and for a number of years the drillmaster the St. Agnes Guards of which he was also the drillmaster, Towanda Tribe of Red Men, the chief engineer and assistant chiefs of the Towanda Fire Department and the local postoffice employees attended the services, the firemen and guards in a body forming an escort for the hearse. Rev. Father Coroner, pastor of the church, celebrated mass and preached an excellent sermon, paying high tribute to the life of the deceased, characterizing him as a good citizen, loyal husband, fond father and a faithful member of the church. The pallbers were: John H. Gillis, A. W. Hoffert, Andrew Brennan, Joseph J. Lynch, Ezra McIntyre and J. W. Keating. Interment was made in the Catholic cemetery at North Towanda.

Andrew Jackson Wilson.

Andrew Jackson Wilson, died recently at Hammersleys Forks, Clinton county, this state aged 61 years. The deceased was a son of the late Daniel and Urany Bates Wilson of Quicks Bend, this county. He served in the state militia, and later joined Battery F. Fifth U. S. Light artillery, remaining till the close of the Civil War, he being but 17 years of age when discharged. Nearly 40 years ago, he went to Clinton county, where he has since resided. He was unmarried. Those who recall Mr. Wilson will remember his large and sturdy physique, this enabling him to enter the army when only in his early teens. He had a genial way, being a "hale fellow, well met." His death will be deplored by many friends in Bradford county.

NEW LEHIGH SCHEDULE SHOWS MANY CHANGES.

Black Diamond Will Be Ten Hour Solid Pullman Train.

Announcement has been made that the much talked about time schedule of the Lehigh Valley is to become effective on Sunday, May 22. The schedule on which Lehigh trains are now being run was effective May 30, 1909, so nearly a year has elapsed since there has been any change in the running time.

The Lehigh generally issues two schedules a year and the present is the longest time in the memory of local railroaders that has elapsed between schedules. As a result of the length of time the Lehigh officers have found it necessary to make many changes.

The most important is the change in running time of the Black Diamond and the addition of two new passenger trains between Buffalo and New York. Under the new time schedule passengers on the Black Diamond must purchase Pullman tickets, which will entitle the holders to use the Buffet car. The Black Diamonds are to be strictly ten hour trains. The running time of Black Diamond No. 9 will not be materially changed but No. 10, will not leave Buffalo until noon and will pass through Towanda about 4:20 p. m., instead of at 2:32 as at present.

Under the new schedule trains Nos. 5 and 6, are to be, with the exception of the Black Diamonds, the best trains on the road. At present they make the trip between Buffalo and Jersey City in a little over 12 hours. Under the new schedule they are to be 11 hour trains, and will make only ten stops. Neither will go over the Ithaca branch. Train No. 5 will pass through Towanda about 3:10 a. m. Train No. 6 will leave Buffalo at 9 p. m., and will leave Towanda about 1:45 a. m., 20 minutes later than at present.

The two new trains are to be Nos. 12 and 15 and they are to make the trip between Jersey City and Buffalo in 12 hours. Their time is to be slow for the reason that "between Buffalo and Rochester Junction they are to be junks." In the past the local work between Sayre and Buffalo has been done by Nos. 129 and 130. Under the new schedules those two trains are only to run between Sayre and Rochester Junction and the new trains are to do the local work between Rochester Junction and Buffalo. East of Sayre the new trains are to be flyers. Train No. 15 will leave Jersey City at 10:30 p. m., and will arrive at Towanda about 5:30 a. m. The train will go over the Ithaca branch. Train No. 12 will leave Buffalo at 6 p. m. and will leave Sayre at 11:40 p. m., passing Towanda at about midnight. Local sleepers will be pulled from Sayre to Jersey City.

There is to be no change in the times of trains Nos. 1, 7, 9, 3, 11 and 8, with the exception of adding summer stops.

Train No. 4 will not leave Buffalo until 9:30 a. m. and will leave Sayre at 2 p. m., reaching Towanda about 2:20 p. m., or over an hour later than at present.

Train No. 2 will not leave Buffalo until 11:30 p. m. and will leave Sayre at 3:30 a. m. over an hour later than under the present schedule.

Train No. 146 will arrive at Sayre from Buffalo at 1:15 p. m. and will leave there for Wilkes-Barre at 4:05 p. m., stopping at Towanda at about 4:35 or 35 minutes later than at present.

Train No. 129 will leave Sayre for Rochester at 6 a. m. and train No. 130 will leave Rochester at 5 p. m., and arrive at Sayre at 9:45 p. m., 30 minutes earlier than under the present schedule.

Shoemaker in Wayne County.

Says the Honesdale Herald: "W. E. Shoemaker, fish warden of Harrisburg, assisted by N. B. Spencer of this place, arrested Joseph Bodewaldt and Fred Grambs, both of Honesdale, on Friday. The two were returning from Adams Pond and carried set lines and several bullheads and eels. They were brought to Honesdale and given a hearing before Esquire R. A. Smith. The charges were for fishing in that the prisoners used a set line out of season. Right to use is from June 1 until November. The men were ignorant of the law and as they could not pay the fine of $20 each and costs or able to give bail, they were committed to jail for 20 days."

Not Guilty.

In Justice Holland's court at Troy last week Tuesday, Lottie and Elsie Thompson were found not guilty of assaulting their father, William Thompson, county to pay the costs. Howard Smith, similarly charged by Thompson, had skipped and his guilt or innocense was not therefore passed upon by the jury. Court was held in a lower room of the court house and was distinguished by an absence of lawyers.

Big Apple Crop Promised.

Agricultural experts declare that the apple crop of the coming season will be one of the best in recent years. This statement is made on the promise the many large apple blossoms give Deputy Secretary of Agriculture Martin Friday of Harrisburg, after a tour of the state reports apple trees to be in excellent shape and fairly loaded down with blossoms. All dangers of frosts are now about over.

CANDIDATES AND ISSUES.

Saturday Was the Last Day For Filing Nominating Petitions.

Saturday was the last day for the filing of petitions for the placing of names on the primary ballot to be voted on the 4th of June. The various party nominations will be made from the candidates in whose behalf petitions have been filed. But voters must not necessarily be restricted in their choice by the candidates nominated at the primaries. Until the fourth of October citizens have the opportunity to go on the general election ballot by nomination papers. It is possible that there will be such candidates for the legislative and congressional offices; although it is yet far too early to say anything definitely on that score. The primaries are only for the purpose of giving the regular parties the opportunity to make their nominattions, but voting to fill the offices need not be confined to candidates who bear the party label.

As to the issues, they have not yet been definitely fixed. The congressional candidates will, of course, represent the national issues, and they will depend largely upon the record of the administration and of Congress at the close of the present session of Congress. The paramount issue so far as the Republican party is concerned will hinge upon the indorsement of the Taft administration.

The legislative contests will hinge upon State issues. Local Option, for one thing, is likely to play a conspicuous part, and from the present point of view the leading part. It is possible that the State conventions will raise an issue pertaining to the regulation of public utility corporations. Aside from these subjects, none other of a very important nature are likely to be pushed to the fore. The personality of the respective candidates for governor will also have a great deal to do in influencing the election. There is likely to be a good deal of independent voting.

MR. KIPP WILL RUN.

The nomination papers of the Hon. George W. Kipp of Towanda, as a congressional candidate from the Fourteenth district, have been filed at Harrisburg, and his candidacy is announced.

The Democrats of the Fourteenth district are fortunate in having Mr. Kipp. Ordinarily the Democratic nomination for Congress from this district was not sought after, and was regarded as an empty honor. The Republican majority is so large that a man of ordinary means could not hope to be elected, and men of wealth didn't care to take the chances. But Mr. Kipp is willing to try it again and has the cash to do it with, and the Democrats of the Fourteenth district are enjoying a sensation they have seldom before known—that of backing a congressional candidate who is hopeful himself and inspires hope in them, and who can afford to make the fight. Mr. Kipp's candidacy this—the third time, having been once elected and once defeated, makes plain that he has not lost his love of political preferment. He is still ambitious and plucky—two good qualities—and may be depended on to make as hard a fight as is in him to make.

The Reporter-Journal has more than once referred to Mr. Kipp personally. He is our townsman and is an excellent citizen, and we know that he has the high respect of the people of his town and county, and that he is a popular man in the district. We shall not oppose him on personal grounds. We shall address ourselves to the task of defeating him and electing Mr. Pratt, and if Mr. Kipp's political methods or the conduct of his campaign call for criticism we shall not hesitate to give it, as we have not before. This is a Republican district, and we shall do what we can to continue its representation by a Republican. Of the result we are entirely confident, and our readers will hear more from us on that line later on. It is a little early now to open up the campaign.

PENNSYLVANIA NEEDS ONE.

President Taft's plan for a Federal budget kept within probable income, which has saved $50,000,000 on appropriations, has been followed by New York state. The legislature has passed an act requiring all state officers and institutions to send in their estimates before December 15. The act then provides for their revision before they go to the legislature. This state needs such a "budget." The next legislature ought to require all state officers, departments, institutions and charities seeking appropriations to submit their pleas for grants and appropriations at some date in the autumn every other year to a board made up of thee governor and the leading state officers, elected and appointed. These estimates should be revised on some general plan and their aggregate brought within the state's estimated income.

"If we had such a budget," savs a contemporary, "the disgraceful and demoralizing scramble at Harrisburg every winter would be ended and the legislature would ont go through the biennial farce of making appropriations, voting away more money than there is in the state treasury, for the governor to prune by veto.

The passing of the pension bill by the senate last Wednesday shows how Uncle Sam regards the claims of his old defenders. In less than 15 minutes the senate considered and passed the pension appropriation bill, carrying about $155,000,000. Senator Scott, who was in charge of the bill, stated that henceforth there would be a rapid falling off in the amount required for the payment of pensions. He said that 31,000 pensioners had died last year.

Of the 626 miles of state road so far built, Bradford county has about 25. Macadam makes a good road when it is first completed, but those who have it find that it wears out fast and is expensive. Automobiles give it hard usage. New Jersey, which is perhaps the leading state in the matter of attention given to the roads, has tried macadam extensively and pronounced against it.

King Eward of England is dead, and the dominant note in the many columns of obituary matter that have been printed about him is that he was a great promoter of the peace of the world. No better thing could be said of a king, dead or alive. When all rulers want peace and plan and work for it, the era of world-wide peace will be much nearer the hour of dawn than it now is.

To me, a lawyer, the Supreme Court of the United States is the most sacred thing we have in this government, and the appointment of men to that bench is the highest and most sacred function that the executive has to perform."—President Taft.

When a few persons refused to answer the census man's questions Supervisor Wilt called their attention to the law. Then they changed their minds. This is one good thing about the law—it helps obstinate people to change their minds.

More and more the people of this country are disposed to pry into their own affairs and find out what their servants have been doing. The investigation of the Scranton school board is another instance of it.

POLITICAL NOTES.

Saturday last was the last day on which to register as a candidate for congress, senate and the house of representatives.

—o—

Senator Webster Grim of Bucks, has strong gubernatorial aspirations, and may give both Berry and Munson a hard run for the Democratic nomination.

—o—

Mayor Gaynor was the only Democrat of any prominence in New York state who came out for Bryan in 1896. Gaynor was a justice of the Supreme Court at the time, and presided the Brooklyn Academy of Music meeting where Bryan spoke. Bryan has always remembered this and in his book, "The First Battle," mentions Gaynor's course at that time.

—o—

Ex-Mayor Vance McCormick of Harrisburg, is an ardent and enthusiastic pusher of the Munson boom for governor.

—o—

Political dates to remember: Primary election June 4; general election Nov. 8; Democratic state convention, Allentown, June 15; Republican state convention, Harrisburg, June 22; Prohibition state convention, Harrisburg, July 1.

—o—

According to the Philadelphia Star, a story is afloat in that city to the effect that Colonel James Madison Guffey, Democratic leader of the state, is not in favor of the nomination by his party of C. LaRue Munson, for governor.

—o—

California Prohibitionists hope to have ten thousand delegates and visitors in attendance at their state nomination convention to assemble in San Jose on May 18.

—o—

The Sullivan county Democrats have endorsed C. LaRue Munson for governor and John G. McHenry for congress.

—o—

Robert P. Robinson, clerk in the Luzerne county commissioners' office, filed his registration papers as a candidate for congress on Saturday last.

—o—

Representative A. Mitchell Palmer of Stroudsburg, will from present indications receive the Democratic nomination.

Inasmuch as the government is giving free delivery of the mails it asks that the roads be kept in good condition. This is the square deal, and is not asking too much.

SOLDIERS AND SAILORS WILL GATHER AT TOWANDA.

Annual Encampment Will Be Held During Old Home Days.

Representatives of the various Grand Army Posts comprising the Bradford County Soldiers' and Sailors' Encampment association met in the Watkins Post rooms on Monday, and decided to hold their annual encampment in Towanda in June.

C. L. Stewart, speaking for the Bradford County Historical Society extended an invitation to the soldiers and sailors to come to Towanda for their encampment on one of the old home days which will be held on June 23, 24 and 25, stating that the "jail would be closed, homes would be open, and a warm welcome extended by the people of Towanda." The veterans voted to accept the invitation, and Rev. H. G. Blair, D. J. Sweet, and John Allen were appointed a committee too confer with the committee representing the home day committees.

The meeting of the Encampment Association will be held in one of the court rooms, probably on June 23, the first of the old home days.

A few years ago the encampment of the soldiers and sailors of Bradford county was one of the big outdoor events of the year, but the Great General has been calling "the boys" to the Great Encampment in such large numbers, that not enough of the veterans are left to warrant an out door encampment, thus the decision to meet in the court house.

Sheshequin Fish Story.

During the recent high water a man living near the mouth of the creek at Sheshequin, had a yearling which was nearly drowned by a drove of carp in the creek. In fording the creek the cattle had to go through a deep hole, and it was at this point that the yearling was attacked by the carp. The bawling of the yearling attracted the owner and one of his neighbors and they rushed to learn what the trouble was and found that these fish had seized it by the legs and held it down in the deep water and were making every effort to drown it. The men procured pitch forks and after killing one that weighed 16 pounds and wounding a number of others, succeeded in rescuing the yearling which was badly bitten by the hog fish of the Susquehanna.

Memorial Services.

The Union Veteran Legion of Athens, held its annual Memorial service Wednesday afternoon a large attendance of members and guests being present. The two comrades who have died during the year were N. V. Weller of Athens and Loren W. Forrest of Smithfield. Their chairs were draped in black with an evergreen wreath the ritualistic service of the Legion being said. The address of the afternoon was by Rev. Williard of the Church of Christ of Sayre and remarks were also made by Hon. R. S. Edmiston and W. H. H. Gore.

Cavalry Reunion.

The 16th annual reunion of survivors of the Eleventh Pa. Cavalry, Company F of which was raised in Bradford county, by Captain B. B. Mitchell, will be held in Harrisburg on June 8, 1910, the same time and place as the State encampment of the G. A. R. Regimental headquarters will be at the Lochiel Hotel, where ample accommodations at most reasonable rates can be had by all the comrades.

The Divide.

Four and one-half miles southwest of Troy at an elevation of over 2,000 feet, is the divide, the water running east via Sugar Creek, and west via Corning and Elmira to Towanda.

J. H. CARTER, MISSING VETERAN, HAS BEEN LOCATED

Traced From LeRaysville to Hawley, and is Now in Scranton.

J. H. Carter, the Civil War veteran, who left LeRoy where he had been visiting at the home of Mr. and Mrs. George Riggs on April 26, and disappeared near Powell, has been located and is now in Scranton.

Carter went from Towanda to Le Raysville, from which place he was traced to Hawley, Wayne county. There he asked for and was given assistance by G. A. R. members who interested themselves in his case. He carried a letter from his neice, Mrs. George Riggs of LeRoy, and R. H. Ely, the commander of the G. A. R. post at Hawley wrote to Mrs. Riggs concerning her uncle.

Carter went from Hawley to Scranton, where he will be looked after on the orders of Mr. and Mrs. Riggs. As Carter has expressed a desire to go to a soldiers' home, Mr. and Mrs. Riggs will give him every possible assistance and will accompany him to the home where he desires to go.

New Albany Monopolist.

Says the New Albany Mirror: "O. C. Cranmer has received his commission and is now a full fledged justice of the peace. If you want to get married, 'Squire Cranmer can perform the ceremony, and then sell you the necessary furniture to begin housekeeping. If you want to die he will take the best kind of care of your bones. If you want to slip out of the world in a mysterious manner, he will have authority to act as coroner and determine whether you kicked the bucket or the bucket kicked you. Long live 'Squire Cranmer."

Track Meet at Troy.

The boys of the Troy High school held a class track and field meet at Alparon Park at Troy on Friday afternoon. The meet was won by the Seniors with 31 points; Grammar school second, with 29 points; Juniors third, with 24 points; Sophomores fourth, four points. All of the events were closely contested and excellent time was made considering the condition of the track and the weather.

Turtle Marked Eight Years Ago.

In an article published in The Daily Review one day last week an account was given of the finding of a turtle in Towanda Creek with the initials "C H. B." cut in the shell on the under side of the turtle. The initials on the underside of the turtle were without doubt marked by Carlyle H. Bovier of LeRoy township, about eight years ago. As a boy he spent the most of his time fishing and tramping along Towanda Creek and had a chance to capture many turtles. He has marked a number of them by putting his name or initials on the underside of the shell.

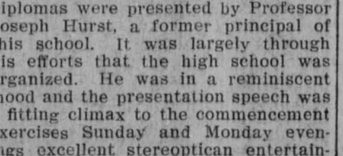
You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection
WICK BLUE FLAME
Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.



Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAMPTOWN NEWS NOTES.

Interesting Items From Thriving Wyalusing Township Village.

Camptown people have been very pleasantly entertained during the past week. The class day exercises on Thursday evening were thoroughly enjoyed by an audience which literally packed the Methodist church. On Friday evening Dr. E. D. Warfield, president of Lafayette College gave the commencement address to the class. Although it was a rainy evening another large, enthusiastic audience was present and was well repaid for the inconvenience imposed by the weather. The Wyalusing orchestra rendered fine music. The address of Dr. Warfield on education was appropriate and elicited much commendation. The diplomas were presented by Professor Joseph Hurst, a former principal of this school. It was largely through his efforts that the high school was organized. He was in a reminiscent mood and the presentation speech was a fitting climax to the commencement exercises Sunday and Monday evenings excellent stereoptican entertainments were given in the Presbyterian church by D. E. Finks and were enjoyed by large audiences. Tuesday evening a program consisting of music, dialogues, and recitations was given by the school in the school house which was also well patronized. Prof. Ralph E. Smith and his able assistants are to be congratulated for the successful work of this year.

Several Camptown people saw the comet Friday morning May sixth.

German measles are still among us.

Rev. W. H. Stang and wife, Mrs W. T. Morrow and Miss Geraldine Morrow attended the dime Circle at Robert Graham's Herrickville on Thursday of this week.

J. J. Watrous of Montrose, is in Camptown this week trying to persuade our people to install acetylene gas plants.

On Sunday, May 8, the Rev. W. H. Stang will preach at Camptown at 10:30; at Lime Hill at 2:30 and at Cold Creek at 7:30.

County Superintendent Putnam is holding examinations here Friday and Saturday for high school entrance and for teachers certificates.

HOW TO TEACH BEGINNERS.

New Line of Study For Summer Normal School in Towanda.

In "the good old days" not so very long ago the little people used to spend at least 18 months in learning their "A. B. C's and uttering the sounds of the letters. It was unattractive work with no stimulus to interest the children in reading. Now adays there is no such loss of time; in less than 2 months children are reading fluently at sight and with good expression fairly long sentences either in print or in writing. Interest in the reading is most lively.

The change is so remarkable that teachers are doubtful about taking up the new education readers thinking that the method is very difficult and that it involves much hard work. To correct this wrong impression, to show how simple and easy this new method is both for teachers and pupils and to help stimulate interest in beginning reading, Prof. Russell has added as a special feature, without extra expense to the teachers, a course of new education reading which will be given one hour per week by an experienced and very successful teacher who has specialized in this work for some time.

Prof. Russell's Summer Normal School in Towanda, in which this new method will be used in connection with the other work, opens next Monday, May 16.

Following are the members of the faculty: Prof. C. P. Lewis of Rome; Prof. R. F. Russell of Lamesboro; Miss Bertha Espy of Towanda; and Miss Emma Wells of Sayre.

Rev. Mr. King Exonerated.

Rev. Douglass D. King of the State street Methodist Episcopal church, Ithaca, was exonerated on Wednesday night by the committee appointed to investigate the rumors circulated about him. Seven witnesses were examined by the committee. Chairman Burger said that the majority of the testimony was hearsay evidence and had to be stricken out. It is not stated how the vote of the committee stood, but it was intimated that it was unanimous. A meeting of the official board was held Wednesday night at which time Mr. King was asked to resume his pastorate.

NEW ALBANY POSTOFFICE ROBBER BACK IN PEN.

William Shireman Sentenced for York County Robbery.

William Shirman, alias William or "Pop" Haines, one of the men who robbed the postoffice at New Albany a few years ago, and were captured at Troy by Chief Miller and the late Guy C. Hollon, on Wednesday of last week in United States court at Harrisburg was sentenced to seven years in the Leavenworth prison for robbing the postoffice at Newberry, York county.

Shireman has been out of the federal prison at Atlanta only a short time, having been sent there for five years for his part in the New Albany postoffice robbery.

The gang of which Shirman, or Haines was a member, was undoubtedly the most daring that ever invaded Bradford county. One of it's members after being released from prison where he was sent for the New Albany robbery, went West, and was there only a short time when he shot and killed a police officer who was attempting to arrest him.

The method the postal authorities used to trace Shireman for the Newberrytown crime were a trifle unique. For several weeks prior to the robbery Shireman was seen in the vicinity selling packets of court plaster. He frequented the postoffice a good deal and now and then got into conversation with those employed about the place. December 8 he was seen about the postoffice and a little earlier the same day he stopped in a blacksmith shop at Yocumtown, three miles from Newberrytown. Before the blacksmith closed his shop that night he was annoyed to find that a steel chisel was missing from among his tools.

That night the safe in the postoffice was blown open with dynamite and was rifled of its contents. On the floor of the office was the chisel the blacksmith had missed that day. Incidentally Shireman was not seen in the vicinity again for several weeks.

Among the articles stolen from the safe that night were several rare and valuable coins.

Suspecting that Shireman might know something of the robbery, the officers finally raided his room in Harrisburg and among other things found some of the coins that had been stolen from the postoffice at Newberrytown nearly a month before.

CANTON HAD SERIOUS FIRE SATURDAY FORENOON.

Barn Destroyed—Eight Houses and Three Barns on Fire at One Time.

Canton had a serious fire Saturday forenoon, and at one time it looked as if the Centre street section was going to be wiped out.

The fire started in the barn owned by Bingham Benedict on Centre street about 10:30 Saturday forenoon. This building was completely destroyed together with its contents. A horse which was in the building, was saved from the flames. The loss on the barn and contents is over $2,000.

Eight houses and three other barns nearby took fire from the burning Benedict barn, and the Belmarr and Innes Hose companies had to work like beavers to prevent their destruction. The buildings were damaged slightly.

First of the Kind.

Says the Sayre Times-Record: "Mrs Lizzie M. Reynolds, Corresponding Secretary of the Bradford County Loyal Temperance Legion is preparing for an interesting program for an L. T. L. silver medal contest, aged of contestants ten to thirteen years. This contest is the first of the kind ever held in Bradford county. Through the courtesy of Dr. and Mrs. Rice the contest will be held in Pharmacy hall, at Sayre on the night of May 25."

All the rest and residue of estate to William E. Lane, Esq. Over $100,000 which was left by the late Henry Streeter, Esq., as a fund for the Robert Packer Hospital Training School for Nurses became available upon the death of Mrs. Streeter. The interest from this money will be used for nurses training school which is a part of the Robert Packer hospital.

Unfortunate Man.

Byron Lattimour of Auburn, N. Y., a fireman for the Lehigh Valley railroad, who was injured in a wreck at Harford Mills on the Auburn branch, on March 2, 1909, may have to undergo another operation at the Packer hospital in Sayre. Lattimour had his right femur broken and splintered in a head on collision and was taken to the Packer hospital for treatment. The shock and the severity of the burns had lowered his vitality so that it was thought that he could not live. The late Dr. C. H. Ott wired the splintered bone together, but it would not knit. After an amputation performed last December he returned to his home in Auburn. Yesterday he was back to the hospital. An examination by an X-ray showed that there is a splinter of bone in the stump and it may be necessary to perform another amputation above the point where the bone is splintered.

Ready For Annapolis.

John H. Brown, Jr., of Cedar Ledge, who has been appointed to a cadetship in the U. S. Naval academy at Annapolis, has successfully passed the mental examination, and in June will take the physical examination. Undoubtedly he is the best all around athlete in Bradford county, having made a reputation for himself at Mercersburg academy, and his friends not only expect him to pass the physical examinations at Annapolis successfully, but they also expect him to become one of the most prominent athletes at that institution. Mr. Brown received the appointment to Annapolis through Congressman Charles C. Pratt. Carl Shiner of East Towanda, is his alternate.

Presented With Portrait.

The Franklin Steam Fire Engine Company has been presented with a fine portrait of the late William Nagle, by A. J. Fisher, the photographer. Mr. Nagle was one of the most active members of the company and the portrait will be framed and hung in a prominent place in the rooms in the Franklin building.

Sues His Neice.

In the Lackawanna County courts Patrick Malloy of Scranton has started suit to recover $10,460 which he maintains is being held from the estate of his sister Miss Catherine Malloy of which he is executor. The defendant in the action is Miss Nellie Loftus, his niece.

THREE BIG DAYS FOR HOME COMERS

Committee Met Last Evening and Mapped Out Program.

The committees in charge of the arrangements for the old home celebation met Tuesday night and decided to have three big days instead of one as heretofore.

The committee mapped out a general program which will be subject to change. It is expected to add many attractions and fill in every minute.

The program as mapped out calls for the annual parade and inspection of the Towanda Fire Department, races, etc., and the unveiling of a portrait of the late Judge Gore on Thursday, June 23, the first day of the celebration. Major W. H. H. Gore of Athens, a descendant of Judge Gore will make an address at the unveiling.

On Friday, the second day, the soldiers and sailors of Bradford county will hold their annual meeting and encampment. On this day there will be a baseball game, and other sports.

On Saturday, June 25, will be the annual old peoples' meeting. Prizes will be offered for the oldest people in the county in attendance at the meeting, and there will be a program carried out by the old people.

The committee is still planning on having aeroplane flights by George Lawrenc, a skilled aviator. He is a native of Towanda, and has given the committee his word that he will be here if it is possible for him to do so. They expect to know for a certainty when he is coming, and when he will make the flights, in the near future.

Hungarian Partridges Received.

The Ulster Gun Club have received two pairs of Hungarian partridges and freed them in the woods on the VanDyke farm, south of the village. The birds were received direct from the importers, Wenz and MacKensen of Yardley, Pa. They weighed about two pounds each and very much resemble the quail in build. These birds breed very rapidly as a mature one will lay as high as twenty eggs and has the assistance of the male bird in the care of the brood. They are also birds that stay in the locality where raised. They are the first birds of this kind to be placed in Bradford county and the Ulster gun club and friends are to be congratulated upon their sportsmanship in starting the stocking of Bradford county woods with these fine game birds. A reward of $25 is hereby offered for proof of any one disturbing them and any offender will be punished to the extent of the law.

They Came to Time.

A number of the enumerators in this district reported to Supervisor Wilt cases in which people refused to answer questions, thereby preventing them from securing the desired information. Mr. Wilt wrote a nice letter, explaining the work of the enumerator, and getting forth the law which provides a penalty for the refusal to answer the questions of the enumerators. In each case, the person against whom complaint was made came right to time, and the enumerators had no further trouble. In varoius parts of the country it has been necesssary to arrest and imprison people before they would answer the questions of the enumerators, the Supervisor Wilt took a better way and has met with success.

Lucky Discovery.

Says the LeRaysville Times: "Last Monday the Baldwin dwelling on South Main street, occupied by Miles E. Overpeck, came near going up in flames. During the afternoon the chimney burned out and when Mr. Overpeck went home he decided to clean out the stovepipe. This was a lucky decision, for when he got the pipe down he found that the rafters were on fire and had been for some time. A small quantity of water extinguished the flames and saved us from what might have been a disastrous fire."

Attended Funeral.

Among those from out of town in attendance at the funeral of the late William Nagle Wednesday were Attorney Edward Mullen and wife of Laporte, James O'Donovan, Sr., James O'Donovan, Jr., Thomas O'Donovan and Miss Ida O'Donovan of Sayre, Mr. and Mrs. James McKenna of Elmira, Mr. and Mrs. John Pyne of Pittston, Miss Julia O'Donovan and Miss Margaret O'Donovan of Buffalo, Mrs John Kenrick, John, Thom, Francis and James Kenrick of Sayre.

J. G. Pratt an Official Starter.

Joseph G. Pratt, official reporter of the Bradford county courts, has been appointed official starter of the National Trotting Association, and granted a license. This association controls all the harness racing events in the Eastern and Middle states, and Mr. Pratt will officiate as starter wherever assigned. He is one of the best known horsemen in this section, and being an experienced driver, is fully competent to handle race meets.

Will Have to Employ More Nurses.

The trustees of the Packer hospital at Sayre, are considering the advisibility of employing a larger staff of nurses. The hospital is caring for a large number of patients, much larger than any time previous, or in the history of the institution, and the trustees are arranging to care for all that come. Dr. Guthrie's reputation and fame as a surgeon is spreading throughout Northern Pennsylvania and Southern New York, and the hospital is becoming general in its work.

Gold Medal Contest.

At the gold medal contest in Sayre the other evening, the medal was awarded to Mrs. Louise Brigham Eiklor of Athens, who won the silver medal in a contest in Smithfield. The judges were Rev. Pease of Sayre, Mrs. Huff of Waverly, and Mrs. Dodd of Athens, and their task was not an easy one, as the eight young ladies who took part in the contest performed their parts exceptional well.

BLOODED BULL EATS PICKLED FISH AND DIES.

And Now Cornell University Mourns Loss of Prize.

The Cornell College of Agriculture is mourning the loss of a prize Guernsey bull which entered the department of Professor Burt G. Wilder, the famous brain expert, ostensibly to disprove the use of fish as a brain food.

The blooded animal which was worth several hundred dollars, ate a section of pickled gar pike and was found dead Wednesday morning. The fish was soaked with formaldehyde.

Students had been experimenting with the fish which had been saturated with the preservative. They left the apartment which is next to those occupied by the prize bull for a few moments. The door was left open; there is where the bull came in. An autopsy disclosed that death was due to the poison and the fishes were exonerated.

The agricultural colony, however. is mourning the loss of the most valued animal in the Cornell yards.

Lecture at Wyalusing.

F. R. Stevens, the scientific agriculturalist of the Lehigh Valley, lectured at Wyalusing last evening. There was a very large attendance, and much interest manifest in the lecture. The Lehigh is not sending Mr. Stevens into farming sections along the company's lines from philanthropic motives, but from the desire to get good hard dollars from the farmers who live along the system. They have discovered that when the farmers are successful and have big crops, their dividends are increased through the carrying the produce to the market, so they are doing everything to assist the farmer in making his land more productive, and the experience of the past score of years is that farming is a science, and that science, when put into practical operation on the farm has made two or more blades of grain grow where before its application only one could be secured.

Successful Farmer.

As a result of painstaking feeding and care Frank Darrow, a so-called "city farmer" of Burlington, delivered for shipment at the Troy station on Monday, two grade Chester White October pigs which brought him $54.45 at the going price of nine cents a pound. The pair weighed 605 pounds. They were kept warm through the winter and their feed was warmed in cold weather. Corn and wheat shorts was the grain ration, the former grown on the place, the latter purchased at a total cost not exceeding $10. Mr. Darrow returned to soil tilling in 1908, after working nine years in the Rockwell & Gallatin harness shop at Troy and nine years in Elmira. Surely he is successful as a farmer.

And This From Kiah.

Says the Meshoppen Enterprise: Nicholson has a Bachelors Association with full set of officers from president down. Such an abominable organization could not exist in Meshoppen as our many handsome young ladies gobble up the boys of marriageable age and direct them where marriage licenses can be procured. We can only think of two bachelors in the whole of Meshoppen and both are liable to be landed shortly as they are nibbling very vigorously." Just let the bachelors of Towanda attempt to form an organization.

Accepts New Position.

M. Rouse, who for several years has been a machinist employed in the Lehigh system shops at Sayre, has been appointed superintendent at the plant of the Standard Wood company of New York which is located at Lopez. Mr. Rouse formerly resided in Lopez and has a brother living there with whom he will make his home for a time, leaving his family in Sayre.

New Lehigh Order.

Orders have been issued by officials of the Lehigh Valley Railroad for the placing of grates in which anthracite coal can be burned in all passenger engines over the entire system. The order is being rapidly carried out and before long every passenger locomotive on the system will be burning hard coal.

Are You a Paint Maker?

You don't have to be one in order to mix your own paint when you have a house to paint. It's mighty easy to buy 4 gallons of L. & M. Paint, and 3 gallons of pure Lindseed Oil, and put both in a large pail and mix well together. You will then make 7 gallons of the best paint at a cost of about $130 per gallon and then have a good painter paint your house. The L. & M. is sold by Spalding Hardware Co., Towanda, Dewey Bros., Gillett.

Oiling Street.

The first experiment in road oiling was started on York avenue yesterday afternoon under the direction of Contractor Whalen. The street is to be oiled from Chestnut to Huston first as an experiment which if satisfactory other streets will be oiled. The dust is swept from the street, oil applied and then the dust is replaced on the street.

Resolutions Adopted.

The Towanda Fire Board at the meeting Tuesday evening, adopted resolutions of respect upon the death of William Nagle, a former member of the Board and one of the most prominent members of the department.

TOWANDA HAS A BLACK HAND CASE

Tony Laganga Claims to Have Been Robbed of $210.

Another Alleged Black Hand case has been brought to light in Towanda.

Tony Laganga, the shoemaker with a place of business and residence in the Arcade block, Wednesday informed Chief of Police Miller and District Attorney Mitchell that he had been robbed of $210 by agents of the Black Hand organization. He claims to have been robbed Tuesday but was warned under threats of death not to say anything about it.

Constant worry and the grief of his wife over the loss of the money led Laganga to make known the robbery.

Three Men in the Game.

According to Laganga's story, there were three men in the gang but only two of them were present when he was forced to give up his money. A well dressed Italian called upon Laganga and made himself known. He pretended to have $1,200 and wanted to locate in Towanda and start a barber shop on account of his wife's health. He claimed to be from Philadelphia, and said he was leaving that city on a doctor's advice. The stranger made a trip to Sayre and other places, but came back to Towanda and told Laganga he preferred to locate here. Then he wanted Laganga to go in partnership with him, but the shoemaker refused.

Then the stranger wanted to know if Laganga had any money and was told that he did not. have any. He went away and later came back to the shoe shop in company with another Italian. One of these strangers had a roll of money which they wanted Laganga to put away for safe keeping, and he consented to hide it in his rooms. Taking the money he started to go up stairs and the strangers followed him. This Laganga claims took place Tuesday forenoon of last week.

In his room, one of the men pressed a revolver to his head while the other went through his pockets and took his keys with which they opened a trunk and took therefrom a small iron box which contained Laganga's savings. This they unlocked and took the money from and then told Laganga it was for the Black Hand and if he said anything about it he would be killed.

Laganga fainted away, and was revived by his wife who the men sent up stairs as they were leaving the place.

The Laganga family is grief stricken and in deadly fear of the Black Hand from whom they have received several letters during the past two years.

CURED TO STAY CURED.

How a Towanda Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.
Towanda people testify.
Here's one case of it:

Mrs. Charlotte Carl, 504 Bridge, Towanda, Pa., says: "I do not hesitate to confirm the public statement I gave twelve years ago in praise of Doan's Kidney Pills ,for the cure they effected at that time has been permanent. I suffered off and on for years from pains across the small of my back and a lameness and soreness in my loins that made it difficult for me to get up after sitting for awhile. My kidneys were disordered and the secretions from these organs caused me much annoyance by their irregularity in passage. Although I used remedies and wore plasters, I got little, if any relef. One day I happened to hear of a cure Doan's Kidney Pills had effected in a similar caes and I was led to get a box at Dr. H. C. Porter & Son's Drug Store. Soon after I began their use I felt better and the contents of six boxes restored my kidneys to a normal condition. Since then I have taken Doan's Kidney Pills off and on and they have never failed to help me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Sheds For Farmers.

The meeting of the Sayre Business Men's Association was held on Monday evening and it was decided that sheds should be built in Sayre for farmers to hitch their horses and shelter them from the elements. A committee composed of members of the Association was accordingly appointed to solicit for money to pay for the erection of the sheds. By doing this the business men hope to bring more of the farmers to the shop town.

Large Class.

This year's graduating class of the Sayre High school will consist of twenty-four members, and only three minutes will be allowed each member of the class for oration purposes. Next year the class will consist, it is said, of thirty members, and other arrangements will be made for the graduation exercises. It is probable that only the five highest in standing will be allowed to mount the rostrum and deliver orations.

Mary Polani Still Missing.

Mrs. Mary Polani, the Italian woman who disappeared Monday forenoon after starting out from her home on Packer avenuee to get a mess of greens, has not been located or heard from. It is believed that she walked to Sayre and took a train to Geneva where she has property and relatives.

Mr. Newell's New Home.

Fredick Newell, of the Canton Sentinel, has sold his house, No. 815 Fifth avenue, to John H. Engel. Mr. Newell has puchased a house in Canton, to which he will shortly remove his family.—Williamsport Sun.

STATE'S EXPERTS ARE SHOWING HOW TO SAVE FRUIT

Spraying For the Codling and Curculio Moths This Week.

Thirty-eight demonstrations of spraying for the codling and curculio moths will be held during this week by the division of economic zoology of the State Department of Agriculture.

The counties in which the meetings are being held are distributed all over the state, both the northern and southern tiers being touched.

These meetings, unlike demonstrations against the San Jose scale, are entirely dependent upon local conditions. The spray used by the state officials, which is said to be the only insecticide sure to produce satisfactory results against the pests in question, is a deadly compound of arsenate of lead and Bordeaux mixture. It cannot be applied wisely until the petals have fallen from blossoms of fruit trees, and to be effective must be applied within ten days after the petals fall. For that reason the dates for the demonstrations are left entirely to the orchard demonstrators of the division of economic zoology, they reporting the dates as rapidly as they can be arranged.

Four of these demonstrations will be given in Bradford county by D. A. Knuppenberg. The first of the four was given in the orchard of Irwin McCoon on the Improvement grounds in Towanda Monday afternoon. Tuesday Mr. Knuppenberg was at the Reynders farm in Sheshequin township Wednesday he was at the Eastabrook farm at Athens, and on Thursday of this week he will be at the Fred Bohlayer farm at Troy.

Owing to the incelemency of the weather, there were but a few in attendance at the demonstration in the McCoon orchard. Mr. Knuppenburg carried out his work, gave directions for mixing the ingredients and showed how to spray for the moths. The mixture is one and one-half pounds of blue vitrol, two pounds of arsenic of lead, and five pounds of good lime to 50 gallons of water. The blue vitrol is dissolved in warm water and strained, the arsenic of lead is made into a thin paste, and the lime is slacked and strained before being mixed with water.

Apple and pear trees are sprayed after the petals drop, and cherry, plum and peach trees are sprayed after the fruit has formed.

Low Fare to Williamsport.

On account of Forepaugh and Sells Brothers circus at Williamsport on Saturday, May 21, special rates of fare will be in effect on the S. & N. Y., from all stations. The tickets will be good on regular trains on the date of the show, and for return on the following day, Sunday, May 22. On Saturday, the 21st a special train will be run connecting at West Williamsport with the New York Central train leaving Pine street, Williamsport at 5:52 p. m. The following rates for this day will be in effect: Towanda, either station, $1; Monroeton, Powell, Barclay and Laquin $1; Wheelerville and Ellenton 90c; Masten 75c; Marsh Hill Junction 50c; Ralston 50c.

Slowly Improving.

James Walbridge who has been seriously ill with blood poison at his home, corner Second and Washington streets, is slowly improving. Some time ago Mr. Walbridge purchased the Drislane farm located just west of the borough limits and while cutting brush on the place about four weeks ago he ran a thorn in his right leg and blood poison developed. The poison was complicated with pleursy and in a short time he was in a very serious condition, but in the last few days he has greatly improved and he hopes to resume his duties in the near future.

Advertised Letters.

Griffin, Edward Byron. These letters will be sent to the dead letter office May 24, unless delivered before. In calling for the same please say "Advertised" giving date of list. D. M. Turner, P. M.

Wysox Hotel Change.

Mr. and Mrs. James H. Cook have sold the furniture, fixtures and good will of the Bartlett House hotel at Wysox to Robert H. Donlin of Meshoppen, who has already taken possession. Mr. Donlin will endeavor to accommodate the traveling public and maintain a first class temperance establishment. Mr. and Mrs. Cook have not completed their plans for the future. They will spend a few weeks in Pittsburg, and expect to leave for that city in a few days.

MEDICAL SOCIETY MET AT SAYRE ON TUESDAY.

Excellent Papers Read By Prof. Frazier and Dr. Guthrie.

The regular monthly meeting of the Bradford County Society was held at the Packer hospital at Sayre Tuesday afternoon, and proved to be one of the most interesting meetings yet held by this Society. In the absence of President J. C. Lee, M. D., Dr. T. Ben Johnson of Towanda, presided.

Operable Lesions of the Stomach was the title of the paper read by Dr. Charles H. Frazier, professor of surgery of the University of Pennsylvania at Philadelphia. This proved to be an extremely interesting subject. Dr. Frazier is one of the best ksown surgeons in the country, and the Society was fortunate in having him present and on the program.

Dr. Donald Guthrie, surgeon-in-chief of the Packer hospital, read a paper on the Surgical Treatment of Goiter, and exhibited three cases. An operation for goiter is one of the most delicate known to surgery and Dr. Guthrie has performed three of them in the short time he has been in charge of the Packer hospital. His paper, like that of Prof. Frazier's was very interesting.

The following doctors attended the meeting: O. H. Rockwell of Monroeton, Carlyle N. Haines, Charles A. Haines, Silas D. Molyneux, E. M. Pogue, John E. Everett, Donald Guthrie, and Fred W. Rice of Sayre; Thomas B. Johnson, T. Ben Johnson, Edward D. Payne, S. M. Woodburn, Towanda; E. N. Shepard of Burlington, C. L. Stevens of Athens; F. A. Thompson of Durell.

The visitors were: Dr. Bird of Overton, Drs. Randell and Biddle of Dushore, Dr. Loop of Wellsboro, Dr. W. E. Johnson of Waverly, and Dr. Frazier of Philadelphia.

ATHENS BRIEFS.

Jury Commissioner McGovern Goes to Sanitarium For Treatment.

Jury Commissioner A. C. McGovern has gone to Alden, N. Y., where he will enter the Blackwater sanitarium for treatment. Mr. McGovern has been confined to the house a good share of the time this past winter, suffering from sciatic rheumatism, and it is thought that the treatment at this institution may benefit him. His many friends hope that he may be entirely cured.

The Ingersoll-Rand Company are intending to make many improvements to their plant this coming season. A new heating plant will be installed and much new machinery added which will necessitate the hiring of more workmen.

Mrs. Maloney, the lady who met with an accident at her home on Elmira street, a few days ago, breaking one arm in two places, spraining the other arm and injuring one eye, is not improving very fast. She is suffering a great deal of pain and it will be some time before she will be able to be about again.

One of the oldest residents of South Main street, remembers seeing Halley's comet when it made its appearance 75 years ago. She was seven years old at that time and its appearance is very clear in her mind.

House Destroyed By Fire.

The home of Rudolph Fletcher of Sayre, was totally destroyed by fire early Sunday morning. All the contents with the exception of a piano were destroyed by the fire and water. The nearby buildings were saved by the quick work of the firemen. George Sinsabaugh, one of the firemen, fell while pulling a truck to the fire, and the heavy wagon crossed his body painfully bruising him. He was taken to the Packer hospital where he received treatment.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever knwn before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by E. P. Kester, 420 Main street.

Grange News Recommends Number of Men For Legislature.

The Grange News, the official organ of the Grangers, has been looking over the records of the members of the last Legislature, and here is what it says in conclusion:

"Now there are leaders of right scattered throughout the state, men who are able and who command the respect of all who know of their public work, and we feel constrained to speak intimately of several of these.

"We single out four men in the state of Pennsylvania who are at present members of the Legislature, who are candidates for re-election, and who are members of the Grange. The men we mean are J. T. Ailman, of Juniata County; Arthur W. Dennison, of Warren County; George Moscrip, of Bradford County, and E. E. Jones, of Susquehanna County. Without doing an injustice to any man, to any party or to any organization of men, we can say of these representatives of the people that the entire endorsement of the Grange in Pennsylvania is theirs and that the hope of the Grange is that these men, and all others who follow in the steps set out by these men, will be sent back to Harrisburg, not as the representatives of party, but as representatives of the common people, again to stand for and fight for that legislation which belongs to us and which we must have.

"Senator Bristow, of Kansas, said: "The American people in order to get what they want in government, must look to men and not to party." Senator Bristow is everlastingly right."

Prominent Wyoming County Man Dead

Ex-County Commissioner A. M. DeWitt, one of the most substantial and prominent residents of Falls, Wyoming county died Saturday midnight. He was 76 years of age and had resided at Falls the greater part of his life. For 28 consecutive years he was superintendent of Falls M. E. Sunday school. Upon the completion of his term, over a year ago, he was elected for the remainder of his life. Since then he had been ill, however, so that he had been unable to officiate. Mr. DeWitt served one term as county commissioner of Wyoming county and made a very satisfactory public servant. He had been a member of the Falls church for many years and had always been a devout man and a leader in religious and charitable works. His parents were among the early settlers in Wyoming county. He married a Miss Fitch, also a daughter of early settlers. About a year ago he had a paralytic stroke and Saturday morning suffered a second stroke, which resulted in his death. Mr. DeWitt is survived by his aged wife and by two children—Bertha DeWitt, at home, and Alivin, who also resides on the old DeWitt homestead. The funeral was held Tuesday afternoon at 1 o'clock, services being conducted in the Falls M. E. church by Rev. B. W. Dix, of Nicholson, formerly pastor at Falls. Interment was made in the Roberts cemetery, above Falls, opposite Kellersburg. The members of the Sunday school honored his memory by attending the obsequies in a body.

Prof. John K Stewart Delivers Lecture

Prof. John K. Stewart lectured last Friday evening in Waynesboro, Pa. One of the Waynesboro papers gives an extended analysis of the lecture and says: "The lecture on Robert Burns in the Academy of Music yesterday evening by Prof. John Keats Stewart of the Shippensburg Normal school faculty, under the auspices of the circulating library, was a delightful literary event. The lecture was very happy in all its parts and afforded a very beautiful picture of the life of this post, his love affairs, his preeminent characteristics, his bountiful store of sympathy and his wonderful ability as a writer of poems." Prof. Stewart has been invited by the Grand Army post to deliver the address on Memorial day in Shippensburg.

Owego Pastor Resigns.

Rev. George D. Young has resigned as pastor of the First Presbyterian church of Owego, and will go to Tiffin, Ohio. The resignation will take effect June 1. Mr. Young has been pastor for thirteen years and has made hosts of friends during that time.

STEPHEN PECHOWSKY HELD FOR FURTHER HEARING.

Man Who Entered Bonded Car Before Commissioner Mix.

Stephen Pechowsky, who entered a bonded car in the Sayre yards last Saturday was arrainged before U. S. Commissioner John W. Mix in Towanda Tuesday night, and was committed to the county jail for a further hearing next Tuesday afternoon at 1 o'clock. The U. S. District Attorney has been notified and will come to Towanda to prosecute the case.

Pechowsky is charged with entering a bonded car in the Sayre yards. The car was loaded with cereals being shipped from Canada to Scotland. When arraigned before Commissioner Mix, Pechowsky claimed that he did not break the seal on the car, alleging that another man is the guilty party.

The John D. Kinney Farm Sold.

Charles L. Abell, one of Warren township's best known citizens, has purchased the John D. Kinney farm at Warren Centre. This farm consists of 150 acres, and is considered one of the finest places in Bradford county. It was the home of the late County Commissioner John D. Kinney, and was purchased by Mr. Abell from the Kinney estate. The new owner will take possession of the farm at once and will use it for dairying. Only high grade cattle will be kept.

Rome Township Snake Story.

Charles A. Whitney, the violinist, while plowing on his farm at Rome township the other day, ran across a six-foot blacksnake. His bull dog seized the said snake just behind the head and shook the life out of him. In a few moments he ran across his mate which the dog summarily dispatched in the same way. Both reptiles showed fight, but they were not in it with Whitney's bull dog.—Bradford Argus.

Good Record.

Mary McKee aged fifteen of the Mcafee school has just completed her fourth term of perfect attendance being awarded certificates for the same. She was also the only pupil of that school who spelled the fifteen hundred words correctly during this term.

Returned to Towanda.

Harry W. Vosburg, son of C. P. Vosburg, the Ochs House tonsorial artist, has returned from Binghamton where he has been employed in an up-to-date shop in that city, and will take a chair in his father's parlors.

World's Sunday School Convention.

All arrangements are now completed for the Sixth World's Sunday School Convention which is to be held in Washington the week of May 19—24. Two thousand delegates are expected to be present.

EPWORTH LEAGUE CONVENTION

Elmira District Meeting Held in Towanda Last Week

EXCELLENT ADDRESSES

Very Interesting Were the Sessions Which were Held in the First Methodist Episcopal Church—Meeting Closed Friday Evening.

The annual convention of the Elmira District Epworth League came to a close in the First Methodist Episcopal church Friday night after two days of profit and interest. The convention was one of the best attended, most interesting and successful ever held in the Elmira District.

Thursday Afternoon.

The first session began at 2:30 with a song service conducted by Rev. A. H. Youell of Chemung. Rev. H. B. Reddick, of Centenary, President of the Elmira District then gave a short talk on the object of the convention. The devotional exercises were conducted by the Rev. Karl Schuyler, of Reading Center. He read first chapter of James followed by prayer. After prayer singing by congregation, "Nearer Still Nearer." This was sung with great enthusiasm.

Miss Baldwin's Address.

The first address of the afternoon was given by Miss Frances Baldwin of Hedding on "The possibilities for service of the young woman in the Home Church". Her paper in part was as follows: There are unlimited opportunities for service in every church, there are some sick souls whom we may bring to the Christ; lonely hearts, who need our help; little children whose lives are full of possibilities for good or for evil. But before we can serve we need a two fold vision, a vision of our Lord; His tender love, His mighty power, and a vision of the deep heart needs of the people whom we meet from day to day. Before we can meet the deep needs of human hearts we must know our Master, not merely know about Him, but really know Him as the friend we love most dearly; and we must be obedient to the direction of the Holy Spirit. God has work for each one of us to do that no other human being can do, for no two of us are just alike. He has a plan for each of our lives. As we live our lives in the light of His love, obedient, humble and trustful, we shall grow to be like Him. And the Son of Man came not to be ministered unto but to minister.

Following Miss Baldwin's address was a song by the congregation, "Count Your Blessings."

Rev. Mr. Brague's Address.

The next address, "The possibilities for service of the young man in the Home Church" was very ably given by the Rev. Roy Brague of Daggett.

"No matter what a young man's notion of the church may be, there is work for him to do. Jesus had work to do. He was the carpenter, the good shepherd and the great physician. There is a Jesus for every one; there is a place for every young man in the church. You will find young men in the church, because their parents are members, because they enjoy the sermons; because it gives them a better standing among their friends, or because their love for God and righteousness gives them a desire to be in the church. Whatever the reason may be he is there to work and if he doesn't have work he loses heart and does not care to be there. He would rather be at the ball game or other places of amusement. No matter how gifted young men may be there is a place for them in the church There are positions of leadership, no matter how high a position a young man may hold.

The young man is in the church; he has enlisted and must always have his armor one or he will lose his hold.

Put the young man in the work he is most fitted to do and he will do the best work. Be careful of the office you put them in.

It is not being on the church book, or being a member, it is the every day life of each young man that counts.

Christians are thrown in with those who need Christ and it is a Christians' duty to help those who are in need of help. Speak to those who seem to be the lowest as they were once a fond mother's joy.

Jesus died for the sinner and it is our duty to help the outcast. This is the golden age for christian service. They say the Christian churches have a lower standing. Have we forgotten the high calling of the Christian church? Lift up the cross, that is the Christian's duty wherever he may be.

Get the young man to do work in the Sunday school, take a class. He will be surprised at his own development in his Christian work. Keep in training that you may be ready for every opportunity.

Splendid Solo.

The next on the program was a solo by Rev. W. A. Stackhouse of Leona. He sang "Take My Heart O Father" with great feeling and expression. He has a very pleasing bass voice.

Young People's Visions.

Rev. G. Chapman Jones, D. D., of Hornell was then introduced. He is a former pastor of the M. E. church here and the people of Towanda were very glad to hear him once more. He spoke of the two happy years he spent here, and of many tender memories. Two of his children are buried here. Rev. Jones spoke very forcibly and in a pleasing manner on the subject "Young People's Visions". We have many ways of seeing; creatures and insects see much more than we.

He spoke of the Visions of many authors and quoted from them. We all are poets and have some sense of vision; we all have some sense of love. Those who have no sense of love ought not to be in an Epworth League. Faith and love is the vision of a home. Great men are all men of visions. Paul was a man of vision, "Seek the Lord that you may find Him is a vision we all have when we wish to be Christians. Moses endured and succeeded by seeing the invisible. A right vision is to see life and its possibilites in a clear cut way. We are made for duty and duties are opened up to us. Our duty is to do just as the Lord Jesus Christ wanted us to do.

Let young people remember that the Lord wants you to have pleasant duties and to be loyal to the Church and God.

It is a Heaven born principle to be loyal to something. God has a place for you and some special duty for you to do. God has put great honor upon you and expects you to see it even in the dark. It is a fine reputation for a man to have his neighbors have confidence in his religion. Do not put me out of the field, give me a chance to do my part. Lord what wilt thou have me to do is the desire of all Christians. Christianity is not going to Heaven, but getting heaven into folks.

The male quartette, which was down on the program took no part on account of one member being absent.

Rev. Youell and Rev. Reddick then sang a duet, the congregation joining in the chorus, "I Am Happy in Him."

The appointment of committees came next, after which benediction was then given by Rev. Dr. Davis.

Fine Address by Dr. Wright.

Rev. F. H. Wright, D. D., of Pittsburg, who spent seven years in Italy, was present last evening and gave an address. He spoke of the Italian as he found him in his native land, and it proved an excellent subject. Dr. Wright is one of the best speakers ever heard in Towanda, in fact he is one of the best orators in Methodism, and his lecture last evening was indeed a treat. In addition to the Epworth Leaguers, there were a large number of townspeople, the spacious church being comfortably filled.

A feature of the evening meting was the singing of a beautiful solo by Miss Lillian Russell with violin obligato by Mrs. John Meredith, Jr.

A Good Singer.

One of the features of the Thursday evening session was a solo by Miss Georgia Weller of Horseheads, N. Y., who sang "A Golden Pathway." She has a strong, sweet voice which shows careful training.

Friday Morning Session.

The Friday morning session opened at 9:30 o'clock with a delightful song service conducted by Rev. A. H. Youell, after which Rev. Mr. Sessions led in prayer.

Reports of standing committees were given, following by the nomination and election of officers which resulted as follows:

President—Rev. W. A. Stackhouse.

First Vice-President—Rev. H. B. Allen.

Second Vice-President—Rev. C. C. Gustin.

Third Vice-President—Miss Frances Baldwin.

Fourth Vice-President—Mrs. Anna Kidder.

Recording Secretary—Miss Mabel Barnes.

Corresponding Secretary—Miss Cora VanBuren.

Treasurer—Miss Cassie Howland.

Junior Superintendent—Miss Myra Spencer.

Musical Director—Rev. A. H. Youell.

Executive Committee—S. F. Sanford H. I. Andrews, A. J. Saxe, A. W. Fenton, F. W. Sessions, R. D. Stanley, Rev. H. B. Reddick, and Rev. P. J. Williams.

Meet at Watkins, N. Y. Next Year.

An invitation was extended for the Epworth League Convention to be held at Watkins, N. Y., next year. This invitation was accepted.

Minute reports were given from the different Epworth League representatives. It was very evident that Epworth League work is in a very progressive way. Following the minute reports was a song by the congregation, "His Way With Thee".

Divine Call to Business.

The first speaker of the morning was Norman Campbell of Oakwood whose subject was, "The Divine Call to Business". He is a very forcible speaker. He who would live must work. All worlds are workshops. Glory and honor are the fruits of good work. It is well for a young man to stop at the threshold of life and ask "What Is Life," and what are we aiming to be? Men should gain strength in their work and become competent. Some men have never recognized God in their business. We must be righteous to acquire a proper life. Be careful of your friendships. Often if you have the right companions at the crisis of life it changes the course of one's future. Are you and I doing anything worthy; living for anything worthy?

The next paper was given by Frank H. Matthews of Horseheads, on "The Divine Call to Citizenship."

Good citizenship is a man's right relation to the nation and God. God sent His Son to show us how to live a good and righteous life. Citizenship is an individual affair. Men and women should make themselves right with themselves and God. A man, to be a good citizen, should be honest; he must have the root of right thinking; he must have courage. The man that counts today is the man who dares to do; he must have good common sense.

We should have an intelligent interest in all public affairs. This was a very strong talk. Mr. Matthews told of the strugle over local option in Horseheads, which was very interesting. He convinced the audience that there were good people, doing their duty and showed that it takes backbone to do one's duty sometimes. "Christ went about making wrong right." Keep our motto, "Look Up Lift Up" constantly in mind.

Rev. W. A. Stackhouse then favored the audience with a very well rendered solo, "He That Dwelleth."

Next on the program was a paper given by Mrs. H. B. Allen of Troy. This paper is here given in full. It needs no comment as it speaks for itself.

"The Devine Call to Home Making."

"Home, that spot of earth supremely blest,
A dearer, sweeter place than all the rest."

What tender memories hover or cluster around that word "home." It is the centre of all that the heart holds dear, where love reigns and duty binds, and where confidence and mutual esteem dwell. The home is the seat of the moral life of a nation, the centre of its religious life. We are proud to be known as a nation of homes. As the home is so will men and women be, so also will a nation be.

The home was ordained and instituted by the Divine One, therefore, it was founded in wisdom, and upon it devolves the greatest responsibilities of life. This being true it is also true that the makers of homes are divinely appointed to their tasks. To make a good home is the climax of all earthly toil and ought to be the pinnacle of all earthly ambition. Since the home is a God ordained institution it needs must follow that its purpose is to fit its members for the issues of life. What a gift to mankind the home is. It is the place where sympathy interest inspiration and above all, repose are found. It is a retreat for the weary toiler, a source of strength to all its members and the advance agent of Divinity to each new life.

In the making of a home the mother is the chief instrument, but she cannot rightly fulfil her mission unless she is in touch with that Divinity to which she rightly belongs. Her faith will make the future of the home; her love will bind the home together; her courage will sustain it; her self-sacrifice will be the evidence of her faith, love and courage, and often may partake of the type that sacrificed himself for humanity.

It is within the sphere of woman to make homes with the material means which men may furnish; to turn mere dwelling places into centers of attractive domestic life. But the woman who is to be happy and useful as and maker and mistress of a home must know the art of home making and home ruling. Yet how very small a place is given to the teaching of these arts in our schemes of education for girls.

We would call that man a fool who hoped to see his son successful as a merchant or banker, but neglected to have him instructed in the principals of arithmetic and bookkeeping; but thousands of girls are married every year who do not know how to make a loaf of bread, set a table, iron a napkin, or make a bed becomingly. It is expected that the servants shall do those things. Yes, they may, but in some cases there may not be the servants or the means with which to procure them, and their incompetence at best needs the supervision of a mistress skilled in all the arts.

It is not too much to say that no girl ought ever to come to maturity without having acquired both skill and taste in everything pertaining to the household, or that no woman deficient in this particular can ever take charge of a home without serious risk to her own happiness and to that of the persons about her. Many there are who take upon themselves these responsibilities who are not fitted in any way for the work, and that is one reason why our divorce courts are so well filled, and there are so many broken hearts and ruined homes.

This is so common in our present day as to lead one to believe that there are many who enter into the marriage relation as into a civil contract, wherein the one party should do all the drudgery and the other receive all the benefits for their own selfish aims and purposes. Indeed so many seek a termination of the marriage vows by civil procedure that it seem they entertain the opinon of the old Scotch lady who when asked by a friend if she would explain the meaning of Queen Victoria's jubilee, replied: "Weel, twenty-five 'ears marits a silver waddin, and fifty 'ears marits a golden weddin, and the jubilee's when the maun dees."

A woman may be thoroughly educated, know foreign languages, be trained in the arts and sciences and yet be a great failure as a home maker. What the world needs today is less theory and more practice; less society and more religion. Yes, we need the dear old-fashioned mother who will train up her children for God; mothers who live and love and sacrifice for the home—their kingdom—as some one has written:

"An Old-Fashioned Woman.

"No clever, brilliant thinker, she,
With college record and degree;
She has not known the paths of fame,
The world has never heard her name;
She walks in old, long-trodden ways,
The valleys of the yesterdays.

"Home is her kingdom, love is her dower—
She seeks no other wand or power
To make home sweet, bring heaven near,
To win a smile and wipe a tear,
And do her duty day by day
In her own quiet place and way.

"Around her childish hearts are twined
As round some reverend saint enshrined,
And following hers the childish feet
Are led to ideals true and sweet,
And find all purity and good
In her divinist motherhood.

"She keeps her faith unshadowed still—
God rules the world in good and ill;
Men in her creed are brave and true,
And women pure as pearls of dew,
And life for her is high and grand,
By work and glad endeavor spanned.

"This sad old earth's a brighter place
All for the sunshine of her face;
Her very smile a blessing throws,
And hearts are happier where she goes
A gentle, clear-eyed messenger
To whisper love—thank God for her!"

L. M. Montgomery in "The Congregationalist."

But the wife and mother is not the only one who is a home maker. The husband and father is a large factor in the home and an equal share of the responsibility of making a home belongs to him. Without the co-operation on the part of both the home can neither be a citidal of strength or the centre of joy, love and peace which it was intended.

In order that our home influence may be what we desire, the parents themselves must be right with God, not only in the external observance of the religious life, but in all the deepest facts of inward fellowship.

The things that the children absorb from the home are the things that abide with them and make them what they are to be in the future years. In the home is where the rising generation is trained to obey, to be honest, to be truthful, to be useful. It is here that the dear little prating infant at its mother's knee is first taught to lisp its Maker's name.

The success or failure of a child in the outside world rests with the kind of home influence that may surround him. If these things be true, and I believe with all my heart that they are true, we, who are the home makers largely hold the destiny of the civilized world in our hands. What we implant in the young hearts about our knees today, will show itself either for good or bad in days to come. Oh! What a responsibility is ours. We must not fail in what God required of us; so let us lay hold on the high ideals of life; let us make the very best ideals the very highest ideals a part of us, and then pass them on to those who come after. In their young lives these high ideals if properly nourished will germinate and grow and blossom and bear sweet fruits of peace, integrity and love.

If we thus serve our day and time well, when our hands have ceased their toil, our lips have spoken their last words, our eyes have closed forever to the things of this world, the influences that we have thrown around our homes will live on and on and be a benediction and a deep blessing to the generations as they come and go. May God give us grace and wisdom to meet the solemn obligation that rests upon us, the members of homes.

"My Mother's Prayer.

Song by the congregation, "My Mother's Prayer." This song fitted in very nicely with the paper given by Mrs. Allen.

The next talk on the "Divine Call to the Ministry" was given very ably by Rev. Elmer J. Yerdon of Monroeton.

A minister gets hold of more human minds than other professions and is a divine call from God. There is a call for men in the ministry, more today than ever. A minister should be fitted for his great task; he should be willing to make great sacrifices. Young men need the clear conception of the mighty work to be done. Our God and each heart needs his love. God watches over the human race in a personal way. The love of God makes men strong. Men should get hold of power and make it applicable to those about them. The minister comes to face a big job. Card playing, dancing, theatre going, effect the class-meeting and the prayer meetings. God comes to bless the man and woman who does his or her work with the grace and help of God. If we trust the task to our God the end is assured. Let us trust in our God and call men to be co-workers, that men may be converted. "Lord Shall I Be a Messenger Sent Forth in Thy Name?"

The District Male Quartet sang, "Go Find the Work Waiting For You." These men are very fine singers and sang very nicely together.

Next on the program was a short talk on "The Divine call to Personal Evangelism" by Rev. Wm. L. Kidder of Liberty Corners.

Go preach to all the world the teachings of God. One needs preparation to become a teacher in God's work. A soldier before he goes into battle must be well drilled. Men need to know God's word. When we take the pledge of the Epworth League we are supposed to spread its teachings to others. We cannot approach two men in the same way. It is necessary to use tact in trying to win souls. Let us as Epworthians, "Look up and Life up".

"Facing the Issue."

The next speaker Rev. A. J. Saxe of the First Church of Elmira spoke on "Facing the Issue." This was really a summing up of the speeches that came before his. He is a strong speaker and held his audience in close attention even though it was getting near the noon hour.

In the teachings of Christ there is always plenty of room at the bottom. Prepare yourselves to reach the top. Out of the heart are the issues of life. Let us take time to face the issue. Face the issue as it comes to you. I am but one but I am one. Any good thing I may do let me do it now. God has need of you and face the issue as God presents it to you. The first divine institution is in the home.

You have a relation to the man farthest from you. The light that shines farthest shines brightest. If God calls you to do anything get ready. Not what I want to do but what I will do. What are you going to do to show you are worthy of God's love? Make yourselves worthy. What is your motive in life? Is your motive pure? There are tangled knots in your life that only Jesus Christ can remove.

No matter how much study you put upon your preparation of life it avails nothing if you do not apply yourself. Action and courage is what men need. Face the issue.

Friday Afternoon.

The afternoon session began at 2:00 p. m. by singing "Were Marching to Zion." Rev. A. F. Hilimore of Big Flats, led in prayer.

Rev. G. Chapman Jones, D. D., of Hornell, spoke next. His subject was, "At Work With the Boys." He gave his own experience with boys and boys clubs. The ministers and Epworth Leaguers were given many helpful ideas in the way to organize boys clubs. Rev. Jones was one of the strong speakers of the Convention. He left on an early train so his talk was necessarily short. Song by congregation, "Will There Be Any Stars".

Cazenovia Institute.

Rev. W. A. Stackhouse gave a talk on the "Value of the Cazenovia Institute." This school is a training school for Epworth Leaguers and is run along practical and modern lines. You get here the practical training and the right inspiration. He pleaded for delegates to take the opportunities this school affords.

Rev. A. F. Youell sang, "He Is So Precious to Me." Rev. Youell has a beautiful tenor voice and sang with great feeling.

Junior Work.

Junior work in the District was next presented by Mrs. P. J. Williams of Canton.

God has raised up workers who have given their lives to this work. A child may acquire a desire for religion as he does for books and should be taught early to love God.

Our aim is to commit the child to Christ. Mrs. Williams knew her subject well and is very familiar with the work.

Another Good Paper.

"Necessity, preparation and execution," was given by Mrs. C. E. Fry of Dundee, Superintendent of the Geneva District. The greatest thing in the world is man and the greatest thing in man is his soul. No two children are alike, but each needs the proper training. We believe that the child belongs to God.

Mrs. Fry does not believe in sowing wild oats, but says we reap what we sow. If the child was taught right there would be less need of revivals. The mistakes made in one's life can never be effaced. We should take time to teach the child of God and to love him. The course of study was explained very carefully by Mrs. Fry and will be of great help to those who are interested in Junior League work.

For Boys and Girls.

Junior League for the older boys and girls was next given by John V. Darrow of Burlington. Lack of training is the fault of so many Junior Leagues disbanding. One object of the Junior League is to train for citizenship. We should strive to gain souls for Jesus Christ. Give the boys and girls something to do, get hold of the boys and girls between the ages of 12—18. This is the age of idealisms. This talk was very good and showed serious and thoughtful preparation. Mr. Darrow is only a mere boy himself but gives great promise as a speaker and thinker.

Work as Juniors.

The work of the Juniors came next. Children from the Leagues at Burlington, Luthers Mills, Fairhaven, Towanda and other places taking part. They marched in the main church from the Sunday school room and took their places on the larger platform in front. This was a very pretty sight to see so many children in a body. They sang in a chorus several songs and gave drills.

They gave the Junior yell with great enthusiasm.

The two little sons of Rev. and Mrs. C. C. Gustin of E. Canton sang twice at this time. They are manly little fellows and their singing charmed the audience.

The Closing Session.

There was an unusually large crowd present at the closing session of the convention Friday night, and they were ewll repaid.

The service was opened with prayer by Rev. K. M. Walker of Wellsburg, followed by an anthem by the choir of the church, with solo by W. E. Dayton. Mr. Dayton also sang "Come With Me" in his usual splendid voice, pleasing the assemblage very much.

Rev. H. B. Reddick of Elmira introduced the speaker of the evening, Rev. Burton St. John of Tientsin, China. Rev. Mr. St. John had for his subject "A Call From the East," which proved to be very interesting. He is a splendid speaker, and greatly pleased his hearers. The reverend gentleman, who has spent many years in China, is a classmate of Rev. Mr. Reddick, who introduced him to the convention. He returns to his mission work in China next month.

Rev. Mr. Reddick addressed the convention and paid a high compliment to the people of Towanda for the manner in which the delegates had been entertained and said that the many courtesies would never be forgotten. He stated in the course of his remarks that never in the history of the Elmira District Epworth League, in all the towns where the convention has been held, has the consideration been given them by a newspaper as accorded by The Towanda Daily Review. He expressed great appreciation voicing the sentiments of himself and the delegates for the splendid and lengthy report of the sessions published in this paper.

The District Quartette sang "Help Me to Be Holy," and the 1910 convention came to a close.

GOING AFTER OIL IN DEAD EARNEST.

Work of Drilling in Asylum Soil to Stort Soon.

Is there oil in Asylum soil? William Welsh of Towanda, and other expects say there is, and a lot of people are so firm in the belief that they have advanced good hard money to make another test in the field where the once famous Black Diamond company petered out without finding pay juice.

Ready For Business.

The Wyalusing Rocket gives the following particulars concerning the new company, and their plans to test Asylum soil in search for oil:

That this test for the real oil will be thorough will be readily understood when the names of the officers and directors are learned. The president is James F. Lane, a former Asylum young man but at present located at Jacksonville, Florida, where he is engaged in the wholesale and retail jewelry business, and where he has made a comfortable fortune; Wm. Doe of Blossburg, is the vice-president, and also a practical oil man; F. N. Phillips of Asylum, is the secretary, and he has had abundant experience in the oil business, having watched the fiasco of the Black Diamond Oil company, and was in fact at that well almost all of the time when the showing of oil was such that even the non-believers were made over into oil enthusiasts, altho' the subsequent operations of that company was such that nearly all of the people in that vicnity believe that there was a "nigger in the fence" somewhere. The treasurer is D. H. Crimmins of Asylum, who is so well known that when his hard common sense says that oil is there, it makes even the "Doubling Thomases" believe that there is at least a fighting chance; A. L. Thomas of Asylum, fills out the board of directors.

Anyway the company has got the derrick built, and as soon as William Doe finishes his present contract at Blossburg, the drilling tools will be at once shipped to Asylum and work will be begun in a test that will bring the oil from that field and forever settle the question for that section of Bradford county. The drilling will surely begin before the present month ends.

This test is not to be a blind one. The contract with the drillers reads that after the drill is in the ground beyond 600 feet that a complete record of the earth must be kept and mapped so that the several oil sands, the rock and their kinds and quality, will be as readily understood as tho' each inch of the earth down the borehole was surface instead of deep in the bowels of old Mother Earth.

A second feature of the drilling will be the fact that all work must be done by day-light, so that there will be no opportunity of hiding anything from those interested, at this time. The well is to be located just 700 feet in a north-easterly direction from the old well at that place. W. H. Logan, an expert oil man and geologist of Blossburg, states that he is positive that there is an oil field in Bradford county, and that at Asylum is where it is located. He bases his belief on an examination of the various rocks that the drill passed through in the former tests as well as from the sands discovered. F. O. Graves, another expert oil man, after examining the ground around the Black Diamond well, saw the genuine oil-rock, and from other indications, so firmly believed in the field that he at once wanted quite a block of the stock. In the former test the oil sand and found first at 700 foot level; the second sand was picked up down 1,300 feet, while the third, or heavy oil bearing sand, was gone into when the drill was in the ground just 1,500 feet. The experts state that either of these sands would have produced oil, but that the third is the one that furnishes the "gushers."

The company has over 2,500 acres of land under lease, and they have enough casing on the ground to go down deeper than did the Black Diamond, and enough more will soon be brought there, or as soon as needed so that the test will be made down at least 2,500 and possibly 3,000 feet.

Everybody in the territory of the Asylum oil district believes that this will be a thorough test, and those who have put in their money are not only hoping but are enthusiastic over the outcome.

Escaped Serious Injury.

Mrs. Sopher of Ulster, had a narrow escape from serious injury at Athens on Tuesday, when the horse she was driving became frightened at a trolley car and ran away. The wagon struck the curb and parted throwing the occupants out while the horse ran down the street with the front wheels. Mrs. Sopher and the child who was riding with hre were taken to Dr. Joachim's residence and given medical attention. The horse was stopped on lower Main street and another wagon and harness were secured and the woman drove home.

Value of a Trackwalker.

The usefullness and value of a trackwalker is illustrated in this item from the Wyalusing Rocket: Track-Walker F. E. Brown while walking the Lehigh Valley tracks on Sunday, found a piece of rail about a foot long broken from the west-bound track below Browntown. It left quite a gap in the Lehigh's right of way, and had it not been so soon discovered, a disastrous wreck would have been almost sure to have happened. He was unable to find the broken piece anywhere near the break."

Has Gone to Geneva.

M. Earl Carr of the Bureau of Soils of the U. S. Department of Agriculture has gone to Geneva after a couple of days in Towanda, during which stay he inspected work on the soil survey which s under the charge of P. O. Wood. Mr. Carr is finishing up a survey in New York state in the vicinity of Geneva.

Sanitary Stablings, Cow Comfort Clean Cows

REVIEW BARGAIN DAYS STILL ON.

The Daily Review Delivered at Yonr Door One Year for $2.25

One of the cheapest luxuries of the day is a good daily newspaper. There isn't a family in Bradford county who can afford to be without the news of the county and the world at large, brought to their door every day by the R. D. carrier. The Daily Review covers the county as no other newspaper does. A corps of 150 correspondents, telephone communication with over 4,000 phones and a sharp outlook for the news on all sides enables the publishers to make of The Review an ideal town daily. You ought to have it.

The price at which it is being sold, $2.25 a year, puts it within the reach of every one. A local newspaper delivered at your door 312 days for $2.25. That ought to be inducement enough. Let us have your subscription by mail today, or bring or send it to the office in our new location, the Ontario block, Towanda.

NON SUIT IN MAYNARD CASE.

(Continued from Page 1.)

the slot machine" as they termed it.

Mr. Maynard, who is an attorney at law, on March 28 boarded a street car at Sayre and when at Hayden's Corners he handed a quarter to the conductor William Georgie. The conductor handed back the change and asked Mr. Maynard to put a nickle in the slot of the collecting register. Mr. Maynard refused and simply held up the change and said help yourself. The conductor refused to take the fare unless it was put in the register, and Mr. Maynard refused to put his nickle in the slot, and so the conductor stopped the car and with the assistance of the motorman ejected Mr. Maynard from the car. Within two hours Mr. Maynard had filed suit in common pleas court for $5,000 damages.

The case was called for trial Friday morning and eight witnesses testified for the plaintiff, after which Mr. Maynard rested his case. The attorneys for the W. S. A. company removed the Court to grant a compulsory non-suit, which was done, after which the Court ordered that a rule be entered to show cause why the non-suit shall not be stricken off. This will be argued at a later date.

In granting the non-suit, Judge Fanning remarked that the plaintiff did not introduce sufficient evidence to show that the fare collecting device of the defendant company was unreasonably inconvenient or a hardship upon the passengers. He also cited a number of cases in which the courts have upheld railroad companies in collecting fares by systems far more unreasonable and inconvenient than the system now in vogue on the W., S. & A. lines.

The case has been watched with a great deal of interest not only by the people of the county but by every street railway company in the country. The system of fare collecting which led up to the Maynard incident is still being used by the W. S. & A. company and will continue to be.

The attorneys in the case were H. F. Maynard, C. E. Mills and W. G. Schrier for the plaintiff, and Lilley & Wilson for the defendant company.
